

Crayestein Golf proudly hosted the **Dutch Open 2026 powered by HWS**. Nearly 60 players from the Netherlands, Germany, Catalonia, Galicia, and Andorra competed on our challenging Pitch & Putt course for the coveted titles.

The course, which opened in October 2025, showcased both its quality and demanding character. With exciting rounds, narrow score margins, and several spectacular hole-in-ones, the competition remained close right up to the final holes. The course record of 50, however, remained unbeaten.

A special moment during the event was the presentation of the **PPBN enamel partner plaque** to Crayestein Pitch & Putt.
